

PARENTS' DUTIES

1. *BE INVOLVED*** ***TEACH PLAYERS TO BE GOOD SPORTS*****

The CISA endeavors to create and maintain a soccer program for the youth of our area so that the ideals of good sportsmanship, honesty, loyalty, and courage may be taught through an organized, competitive, athletic activity while learning the skills of soccer. Do your part so this purpose can be obtained.

2. Please have your child wear their uniforms for all games. Soccer cleats are recommended and shin guards are required.

3. Attend all parents' meetings and as many games as possible. This is important to your child.

4. Be sure your child is at practice and games on time and that he/she is picked up promptly. Do not expect the coach to run a taxi service. Advise coach beforehand if your child will miss practice or a game. Failure to do so could result in your child not being allowed to play in the next game.

Please do not leave your child unattended at practices or games.

5. Parents, coaches, and players are to remain inside an area 12 yards either side of the center line and 5 feet away from the touch line during all games. Under no circumstances should anyone be behind the baseline or near the goals.

7. Do not criticize the coaches. They are doing the best they can and are volunteering their time.

If you have a just complaint, take it to the coach privately and especially not in front of the players on the team. If you and the coach cannot resolve your complaint, submit it **IN WRITING** to:
